NOTICE ON THE REPLACEMENT OF MISSED TEACHING WEEKS FOR NEW STUDENTS OF THE FOUNDATION PROGRAMME

Assalamualaikum and Greetings,

Referring to the **Academic Calendar for the 2026/2027 Academic Session:**
<https://studentppi.utmspace.edu.my/?p=18909>

Please be informed that new students commenced their studies **two (2) weeks later** than senior students. Consequently, replacement classes will be conducted to compensate for the missed teaching and learning activities.

The replacement arrangements are as follows:

1. **One (1) teaching week** will be replaced during the **Mid-Semester Break**, from **31 August 2026 to 6 September 2026**, and will be conducted fully online.
2. **One (1) teaching week** will be replaced after the **Mid-Semester Break** at an appropriate time, subject to mutual agreement between the students and the respective course lecturers for each section.

This arrangement has been implemented to ensure that UTM Foundation Programme students fulfil the required academic contact hours and that the delivery of teaching and learning activities remains aligned with the University's academic requirements and standards.

Please note that this arrangement is **final and has been endorsed by the SPACE UTM Academic Committee Meeting**. Any subsequent amendments, if necessary, will be communicated through the University's official channels.

Your cooperation and commitment in adhering to this arrangement are greatly appreciated.

Thank you.
